

# **FORBES HIGH SCHOOL SUPPORT UNIT NEWSLETTER**

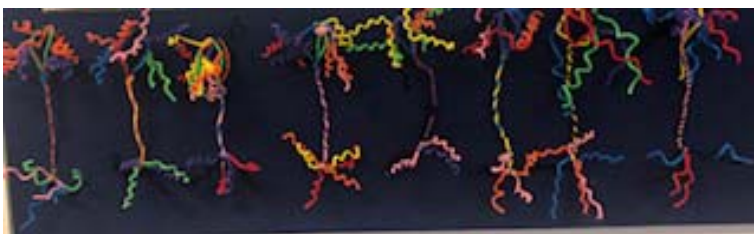

Another term of exciting learning opportunities is underway at Forbes High Support Unit! Staff have enjoyed getting to know our new year 7 students, as well as welcoming back older students.

We will be sending home this good news letter throughout the year to create stronger connections with families, and celebrate the learning achievements of our students.

In Science this term we are studying Biology, specifically looking at the systems of the human body. On Friday 22<sup>nd</sup> Feb some classes participated in the dissection of a lamb's kidney which was pretty cool (or gross, depending on who you ask!).

The swimming carnival was held in week 1 and it was a fantastic day. Sarah-Jane Sullivan and Jaylin Ware took out the title of Age Champion for their respective groups. Congratulations!

## **STUDENT PROFILE**

**Name:** Brodie Morley

**Year:** 8

**House:** Burrabinya

**Favourite Subject:** Maths

**Favourite song:** anything by Eminem

**What's your best memory so far at Forbes High School?**

Going to Schools Spectacular in 2018

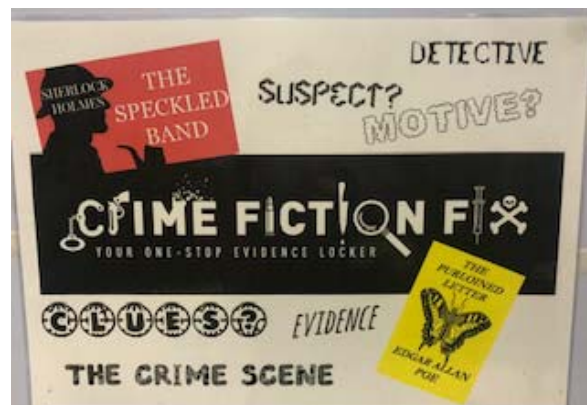

## Class D1 – Ms Emmett

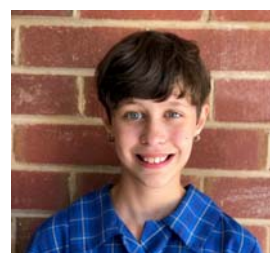

Stage 5 have been studying Crime Fiction in English this term, learning about the text conventions and clichés typical of this genre.

## Food Technology

The support students are lucky enough to have some time in the hospitality kitchen with Miss Stewart this semester. Students in classes 100 and 101 have been cooking up a storm, making old-fashioned lemonade and freshly squeezed orange juice, and cupcakes for Blair's birthday!

### **STUDENT PROFILE**

**Name:** Sarah-Jane Sullivan

**Year:** 7

**House:** Wiradjuri
